Career Objective

Aspiring Machine Learning and Software Engineer with hands-on experience in PyTorch, image analysis, and programming languages including Python, C++, and Java, seeking opportunities to develop intelligent systems and data-driven solutions while continuously learning and contributing to cutting-edge technologies.

Management Experience

Co-Head Anokha Techfair & Exhibitions

- Led organization and coordination of exhibitions during the national-level Anokha Tech Fest.
- Managed volunteers, event logistics, and participant coordination.
- Worked with multiple teams to ensure smooth execution of technical exhibition events.

Innovation Ambassador

- Member of the Institute Student Council, contributing to student representation and assisting in organizing institutional initiatives and student activities.
- Served as an Innovation Ambassador, promoting innovation, entrepreneurship, and awareness of national innovation programs among students.
- Held a leadership role in organizing technical exhibitions, coordinating volunteer teams, managing logistics, and supporting the smooth execution of large-scale events.
- Volunteered in major national-level technical competitions including Smart India Hackathon (SIH) and ICPC Regionals, assisting in event coordination, participant support, and operational management.

Education

BTech in Computer Science and Engineering

Amrita Vishwa Vidyapeetham

7.76 GPA

2024 - 2028 (Still Pursuing)

Higher Secondary (State Board)

SRT Universal Matric Higher Secondary School
,Sathyamangalam

91%

2024 (Passed Out)

Certifications

Getting Started with Artificial Intelligence

2026

HTML 5,Python,Flask Frame work all in one

2025

HTML 5 & CSS3 Complete Course

2025

Participation on Industri AI hackathon at IITM

2024

Additional Skills

- Programming Languages - Python, JavaScript, Java, C, C++
- Web Development - HTML, CSS, JavaScript, Responsive Web Design, React
- Backend Development - Node.js, Flask
- Mobile App Development - Flutter
- Cloud & Backend Services - Firebase,Mongo DB
- Machine Learning & AI - PyTorch, Image Classification, Deep Learning, Computer Vision, Data Preprocessing, Model Training & Evaluation
- Libraries & Frameworks - NumPy, Pandas, Matplotlib, OpenCV, React, Flask
- Tools & Technologies - Git, GitHub, VS Code, Linux, Jupyter Notebook, Docker, Firebase
- Soft Skills - Leadership, Team Management, Event Coordination, Communication, Problem Solving
